

# Rare Earth Magnetic Bases for Flat Surfaces

## Product Purpose

### Rare Earth Magnetic Bases Made From Neodymium Material

Provide accurate, consistent measurement points. (Best when used with MH133-1A Magnet Mount Targets). Choose magnets for flat surfaces (below) or curved surfaces (next page).

Part No.	Image	Drawing	Pull Strength	Mounting	Case Material	Magnet Material	Max. Temp.
<b>MH136-1A</b>			<b>10 lbs.</b> (5 kg)	1/4-28 Integral Stud	Stainless Steel	Neodymium	80°C
						Stock Product	
<b>MH103-1B</b>			<b>40 lbs.</b> (18 kg)	1/4-28 Integral Stud	Stainless Steel	Neodymium	80°C
						Stock Product	
<b>MH122-1A</b>			<b>40 lbs.</b> (18 kg)	1/4-28 Mounting Hole	Stainless Steel	Neodymium	80°C
						Stock Product	
<b>MH104-1B</b>			<b>60 lbs.</b> (27 kg)	1/4-28 Integral Stud	Stainless Steel	Neodymium	80°C
						Stock Product	
<b>MH123-1A</b>			<b>60 lbs.</b> (27 kg)	1/4-28 Mounting Hole	Stainless Steel	Neodymium	80°C
						Stock Product
